

Free IT & WEEE Waste Containers

We will collect & recycle your IT & WEEE material for FREE

At SE Recycling we believe in creating a sustainable future for all. One way in which we try to achieve this is by working with the **education sector** to make schools, colleges and universities more sustainable. This is why we are now providing **educational establishments** with **FREE IT** and **electrical waste containers**.

How it Works

Simply fill your IT recycling container at your own pace and we will arrange a **free collection** from your premises as and when your container is full, providing you with an empty one ready to be refilled by you.

What We Collect

- PCs
- Laptops
- PC Monitors
- Servers
- Comms Equipment
- Whiteboards
- Tablets
- Routers
- Modems
- Mobile phones
- Cables
- Smart Devices
- Photocopiers
- Small Domestic Appliances
- Printers
- TV's
- Keyboards/Mice
- Games Consoles

Data Security and Secure IT Disposal

With SE Recycling you can be certain that all your data is erased and can never be accessed again. We will provide you with a full IT recycling & asset management service. This includes: secure tracking for all assets, full data destruction on all data bearing equipment, complete asset and data destruction reports and all required certification.

All staff are trained to be diligent in seeking out and destroying all data in compliance with **GDPR** and **ISO:27001** regulations helping ensure you dispose of your equipment compliantly.

To demonstrate how we securely dispose of your end-of-life IT equipment and waste electronics we welcome site visits and audits.

Get in touch with a member of the SER team today to order your free IT and electrical waste container.
